Z Arts

Creative Care Kits has been made possible with the generous support of:

A34
ACE/NHLF
Paul Hamlyn Foundation
Curious Minds
Young Manchester
Banner UK
Elixir Gardens
Modern Designers

Make your own mixtape

You will need...

- Coloured pens or pencils
- Glue stick

To create your own 3D mixtape...

1. Use coloured pens or pencils to decorate the cassette tape template above.
2. Next, remove the template from the page and create folds along each black line. The grey shapes will become the tabs that hold everything together and create the iconic cassette shape, so be careful not to get rid of these.
3. Before gluing in place, fold your template into a 3D rectangle shape with the design facing outwards.
4. Finally, add glue to the grey tabs and stick together - leaving you with your very own 3D mixtape.
